Intro to Computer Science

Grade 11 – Pre AP
Thread 1, Day 13

Russell Gordon, Lakefield College School

Submit attendance!

Thread 1, Day 13

Agenda

- Room 13 on Monday: Dress warmly
- Putting it all together: Incomplete puzzles
- Homework: ISpeakTXTMSG

Room 13 on Monday

Dress warmly

- Ventilation is key
 - Windows are open, space heater will be on
 - Dressing warmly is important
- We must be careful about proximity
 - Will keep Zoom open during class
 - Look at a peer's screen by sharing over Zoom rather than walking over
- Masks ideally have multiple layers; see school stores

Putting it all together

Incomplete puzzles

- Let's clone this repository first.
- Then, we will look at The Cell Sell puzzle together.

Homework

Arrays, Operators, Conditions

- Add logic to the `translate` function in the ISpeakTXTMSG incomplete puzzle.
 - Aim to translate all the short forms from the puzzle into their longform equivalents.
 - Commit and push your work.
 - Be sure to record your thoughts, then write an update on Spaces.
 - We will discuss further in class on Monday.

Thank-you!
